Data Privacy - Parents Bill of Rights

(i) Student data cannot be sold or released for commercial purposes;  
(ii) Parents have the right to inspect and review the complete contents of their child's education record;  
(iii) State and federal law protect the confidentiality of personally identifiable information, and that safeguards to protect personally identifiable information are utilized by the school district (e.g., encryption, firewalls, and password protection);  
(iv) A list of all student data elements collected by the State is available for public review;  
(v) Parents have the right to have complaints addressed about possible breaches of student data.
