Since sexual violence is a form of sexual harassment, the term sexual harassment when used in District policy includes sexual violence even if the term sexual violence is not explicitly stated.

The Board affirms the right of all students, staff and applicants to be treated with respect and to be protected from unlawful discrimination or harassment, without regard to the student or staff member's race, color, national origin, creed, religion, marital status, sex, age, sexual orientation, gender (including gender identity and expression), pregnancy, disability, military status, veteran status, predisposing genetic characteristic or carrier status, or any other status protected by applicable law. The District will provide equal opportunities to all individuals in the recruitment and appointment of employees, employment, training, pay, benefits and terms of employment, advancement and/or terminations.

Nothing in this policy will be construed to prohibit a denial of admission into, or exclusion from, a course of instruction or activity based on a person's gender that would be permissible under the law, or to prohibit, as discrimination based on disability, actions that would be permissible under the law.

Unlawful harassment or discriminatory behavior that denies civil rights or access to equal educational opportunities includes but is not limited to comments, name-calling, physical conduct or other expressive behavior directed at an individual or group that intentionally demeans the race, color, national origin, creed, religion, marital status, sex, age, sexual orientation or disability of the individual or individuals or creates an intimidating, hostile or demeaning environment for education.

A finding that an individual has engaged in conduct in violation of this policy may result in disciplinary action and/or filing of a report with third parties in the manner prescribed by the District code of conduct, the law or applicable contract.

Annual Notification

At the beginning of each school year, the District will publish a notice of the established grievance procedures for resolving complaints of unlawful discrimination and harassment to parents/guardians, employees, students and the community. The public notice will:

1. inform parents, employees, students and the community that education programs, including but not limited to vocational programs, are offered without regard to actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex, sexual orientation, or gender (including gender identity and expression) and that the District provides equal access to the Boy Scouts and other designated youth groups;

2. provide the name, address and telephone number of the person designated to coordinate activities and inquiries concerning discrimination and harassment and provide that inquires may also be referred to the U.S. Department of Education's Office for Civil Rights ("OCR"); and

In order to ensure compliance with Title IX of the Educational Amendments of 1972 ("Title IX"), Section 504 of the Rehabilitation Act of 1973 ("Section 504") and the Americans with Disabilities Act ("ADA"), the Superintendent will annually designate a Compliance Officer. The Assistant Superintendent for Pupil Personnel Services has been designated as the District's Compliance Officer for purposes of Title IX. The Administrator for Guidance and Related Student Services has been designated as the District Coordinator for Section 504/ADA. . The Title IX Compliance Officer has also been designated to handle inquiries regarding the District's equal opportunity, non-discrimination and anti-harassment policies. Contact information for the Compliance Officer is available on the District's website and will be published in the District's Annual Notification as the person designated to coordinate activities and inquiries concerning discrimination and harassment.

Student complaints of discrimination, harassment or bullying may be made pursuant to policy 0115 "Student Harassment and Bullying Prevention and Intervention." Student, staff and applicant complaints of illegal harassment or discrimination may be made pursuant to policy 0110 "Policy Against Discrimination and Harassment of Students and Staff" and any accompanying regulation(s).

All complainants and those who participate in the investigation of a complaint in conformity with state law and District policies, who have acted reasonably and in good faith, have the right to be free from retaliation of any kind.

The Board authorizes the Superintendent of Schools to establish rules, regulations and procedures necessary to implement and maintain this policy.

K. Adoption Revised Policy 0110– Policy Against Discrimination and Harassment of Staff - Board of Education Policies

“Upon recommendation of the Superintendent of Schools be is

RESOLVED that the Revised Policy 0110- Policy Against Discrimination and Harassment of Staff- Board of Education Policies - Board of Education be adopted.”

0110

POLICY AGAINST DISCRIMINATION AND HARASSMENT OF STUDENTS AND STAFF

All District employees and students have the right to work and go to school in an environment free from all forms of illegal discrimination and conduct which can be considered illegally harassing, coercive, or disruptive. Consistent with the District’s respect for the rights and dignity of each employee and student, harassment based on race, color, religion, creed, national origin, political affiliation, sex, age, marital status, sexual orientation, pregnancy, military status, veteran status, genetic predisposition or carrier status, ancestry, disability or any other legally protected status will not be sanctioned or tolerated. Illegal behavior that harms, targets or negatively impacts the school or work culture will not be tolerated. The Board further recognizes that preventing and remedying illegal harassment is essential to ensure a healthy, nondiscriminatory environment in which students can learn and employees can work productively.

Prohibited Conduct

Harassment is considered verbal or physical conduct that denigrates or shows hostility or aversion toward an individual because of age, color, religion, creed, national origin, political affiliation, sex, age, marital status, sexual orientation, pregnancy, military status, veteran status, genetic predisposition or carrier status, ancestry, disability or any other legally protected status. This includes, but is not limited to: any conduct that has the purpose or effect of creating an intimidating, hostile, or offensive work environment; has the purpose or effect of unreasonably interfering with an individual’s work performance; otherwise adversely affects an individual’s employment; or unreasonably interferes with a student’s academic performance or participation in educational or extracurricular activity. This prohibition extends to conduct by school employees, officers, board members, volunteers, students and non-employees such as agents, contractors and vendors, which occurs on school grounds or at school-sponsored events, programs or activities, including those that take place at locations off school premises or in another state.

Harassing conduct includes, but is not limited to: epithets, slurs, or negative stereotyping; threatening, intimidating or hostile acts; and written or graphic material that denigrates or shows hostility or aversion toward an individual or group and that is placed on walls or elsewhere on the District’s premises or circulated in the workplace.

Sexual harassment and harassment on the basis of any other protected status is strictly prohibited. Sex-based harassment can be comprised of two types of behavior: sexual harassment and/or gender-based harassment. Sexual harassment is unwelcome conduct of a sexual nature, which can include unwelcome sexual advances, request for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature (see regulation 0110-R for examples). Sexual harassment includes but is not limited to unwelcome sexual advances, request for sexual favors, deliberate or repeated unsolicited verbal comments, gestures or physical conduct of a sexual nature. Depending on the circumstances, sexual harassment can also include unwelcome joking, teasing, or other conduct directed toward a person because of his or her gender.

Sexual violence is a form of sexual harassment, the term sexual harassment when used in this regulation includes sexual violence even if the term is not explicitly stated. Gender-based harassment includes verbal, nonverbal or physical aggression, intimidation or hostility that is based on actual or perceived gender and sexual stereotypes (see regulation 0110-R for examples). Sexual harassment is strictly prohibited.

Sexual harassment constitutes unlawful behavior when:

- Submission to that communication or conduct is either an explicit or implicit term or condition of employment or a student's education (including any aspect of the student's participation in school-sponsored activities, or any other aspect of the student's education);
- Submission to or rejection of the communication or conduct is used as the basis of or a factor in an employment decision, such as promotion or work assignments, or affects decisions regarding any aspect of the student's education or school sponsored activities; or
- The conduct or communication has the purpose or effect of substantially interfering with an individual's work performance, unreasonably interfering with a student's academic performance or participation in school-sponsored activities, or creates an intimidating, hostile, or offensive work or educational environment.

The Board is committed to providing an educational and working environment that promotes respect, dignity and equality and that is free from all forms of illegal harassment. To this end, the Board condemns and strictly prohibits all forms of illegal harassment on school grounds, school buses and at all school-sponsored or employment-related activities, programs and events including those that take place at locations off school premises or in another state.

Because harassment can occur staff to student, staff to staff, student to student, student to staff, male to female, female to male, male to male or female to female, it will be a violation of this policy for any student, employee or third party (school visitor, vendor, etc.) to illegally harass any student or employee.

Complaint Procedure

Any employee, student or applicant who believes he or she has been subjected to prohibited harassment or intimidation or who has witnessed anyone engaging in prohibited activity should immediately file a complaint in accordance with the procedures set forth in the accompanying Regulation 0110-R "Complaints of Harassment or Discrimination by Students or Staff." The District will promptly investigate all complaints of harassment or discrimination, formal and informal, verbal or written.

Confidentiality

The confidentiality and privacy of all parties will be respected to the extent possible while still conducting a throughout investigation of the complaint and taking appropriate corrective action as necessary. To the extent possible, complaints will be treated in a confidential manner but limited disclosure may be necessary.

Corrective Action

If the complainant reports that (s)he feels unsafe at school or work due to the nature of the complaint, the District will determine if accommodations need to be made until the issue is resolved.

If, after appropriate investigation, the District finds that a student, an employee or a third party has violated this policy, prompt corrective action will be taken in accordance with the applicable collective bargaining agreement, District policy, the Code of Conduct and applicable laws and regulations, which may include but is not limited to suspension, expulsion or discharge from employment.

Retaliation

The District will not tolerate coercion, intimidation, interference, retaliation or discrimination against an employee or student for filing a complaint or participating in an investigation of a complaint as a witness or otherwise. Any employee or student who believes that he or she has been subjected to any acts of retaliation should immediately report that conduct to the Building Principal, the Assistant Superintendent for Pupil Personnel . If an employee or student is hesitant to bring the matter to the attention of any of these individuals then a report can be made to the Superintendent of Schools. If the complaint is about the Superintendent of Schools or a member of the Board of Education, the complaint may be made directly to the President of the Board of Education, or if the complaint is about the Board President then it may be made to the School Attorney. Any employee or student who retaliates against another employee for reporting any perceived acts of unlawful harassment will be subject to disciplinary action up to, and including, discharge or suspension.

Bad Faith Claims

If, after investigating a complaint of harassment, it is determined that an individual has intentionally made a claim of harassment in bad faith, or intentionally provided false information regarding a harassment complaint, disciplinary suspension or legal action may be taken against that individual.

Regulations

The Superintendent of Schools is directed to develop and implement regulations for reporting, investigating and remedying allegations of harassment or discrimination.

Training

The Superintendent of Schools is directed to develop and implement training programs for students and employees to raise awareness of the issues surrounding harassment and discrimination and to implement preventative measures to help reduce incidents of harassment and discrimination. District employees and students will be periodically trained with regard to their rights and obligations pursuant to this policy. Age-appropriate instructional materials will be incorporated into the curriculum to educate students so that they can recognize and reduce the incidence of harassment.

Dissemination

This policy and the accompanying regulation will be available in each District facility, on the District's website, and will also be published annually in appropriate school publications. Staff will be required to annually acknowledge receipt of the policy and regulation.

A review of this policy will be conducted periodically to consider its effectiveness and compliance with applicable state and federal law. Revisions will be recommended to the Board when appropriate.

“Upon recommendation of the Superintendent of Schools be it

RESOLVED that the Revised Policy 0115- Student Harassment and Bullying Prevention and Intervention- Board of Education be adopted.”

**STUDENT HARASSMENT AND BULLYING 0115
PREVENTION AND INTERVENTION**

The Board of Education is committed to providing an educational and working environment that promotes respect, dignity and equality. The Board recognizes that discrimination, such as harassment, hazing and bullying, are detrimental to student learning and achievement. These behaviors interfere with the mission of the district to educate its students and disrupt the operation of the schools. Such behavior affects not only the students who are targets but also those individuals who participate in and witness such acts.

The Board condemns and strictly prohibits all forms of discrimination, such as harassment, hazing and bullying on school grounds, school buses and at all school-sponsored activities, programs and events. Discrimination, harassment, hazing or bullying that takes place at locations outside of school grounds, such as cyberbullying, which creates or can be reasonably expected to create a material and substantial

interference with the educative process, the operation of the school, the requirements of appropriate discipline in the operation of the school or impinges on the rights of others are prohibited, and may be subject to disciplinary consequences. Violators of this policy and regulation may be subject to disciplinary consequences in accordance with legal guidelines and applicable contractual mandates.

Definitions

Bullying

Bullying, under the amended Dignity for All Students Act, has the same meaning as harassment (see below). The accompanying regulation provides more guidance regarding the definition and characteristics of bullying to help the school community recognize the behavior.

Cyberbullying

Cyberbullying is defined as harassment (see below) that occurs through any form of electronic communication.

Discrimination

Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as enumerated in the *Definitions* section, under Harassment, below).

Hazing

Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

Harassment

Harassment has been defined in various ways in federal and state law and regulation. The Board recognizes that these definitions are important standards, but the Board's goal is to prevent misbehavior from escalating in order to promote a positive school environment and to limit liability. The Dignity for All Students Act (§§10-18 of Education Law) defines harassment as the creation of a hostile environment by conduct or by threats, intimidation or abuse, including cyberbullying, that (a) has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical well-being; (b) reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety; (c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student; or (d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. The harassing behavior may be based on any characteristic, including but not limited to a person's actual or perceived:

- race,
- color,
- weight,
- national origin,
- ethnic group,
- religion,

- religious practice,
- disability,
- sex,
- sexual orientation, or
- gender (including gender identity and expression).
- gender identity is one's self-conception as being male or female, as distinguished from actual biological sex or sex assigned at birth.
- gender expression is the manner in which a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice or mannerisms.

For the purpose of this definition the term “threats, intimidation or abuse” will include verbal and non-verbal actions.

In some instances, bullying or harassment may constitute a violation of an individual's civil rights. The district is mindful of its responsibilities under the law and in accordance with district Policy 0100, Equal Opportunity, Nondiscrimination and Anti-Harassment, and 0110, Policy Against Discrimination and Harassment of Students and Staff.

In order to streamline the wording of this policy and regulation, the term “bullying” will be used throughout to encompass discrimination, harassment, intimidation, cyberbullying and hazing behaviors.

Student

Student is defined as a person over five and under twenty-one years of age who has not received a high school diploma and is entitled to attend the public schools maintained in the District pursuant to New York State Education Law Section 3202. The term student includes children who reside within the District and are eligible to attend the District's public schools but opt to attend a private school.

Prevention

The school setting provides an opportunity to teach children, and emphasize among staff, that cooperation with and respect for others is a key district value. A program geared to prevention is designed to not only decrease incidents of bullying but to help students build more supportive relations with one another by integrating the bullying prevention program into classroom instruction. Staff members and students will be sensitized, through district-wide professional development and instruction, to the warning signs of bullying, as well as to their responsibility to become actively involved in the prevention of bullying before overt acts occur.

Curricular material that raises awareness and sensitivity to discrimination or harassment and civility in the relationships of people of different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, sexes or gender expression or identities will be included in the instructional program K-12.

In order to implement this program, the Board has designated the Administrator for Guidance and Related Student Services as the District-Wide *Dignity Act Coordinator* (“District-Wide Coordinator”). The District-Wide Coordinator's responsibilities are described in the accompanying regulation. The Board will also designate at its annual organizational meeting a *Dignity Act Coordinator* for each school in the district (“Building DAC”), and each Building DAC will be supported by a building-level *Dignity Act Coordination Team* (“DAC Team”). The role of the DAC Team is to oversee and enforce this policy in the school to which it is assigned.

Each Building DAC and each DAC Team will serve as *Bullying Prevention Coordinating Committees* in their respective schools. These teams will be overseen by the District-Wide Coordinator. DAC teams will include representation from staff, administration, and if needed, students and parents. The DAC Teams, working with the District-Wide Coordinator will assist the administration in developing and implementing specific prevention initiatives, including early identification of bullying and other strategies. In addition, the program will include reporting, investigating, remedying and tracking allegations of bullying. The accompanying regulation provides more detail on the specific programs and strategies implemented by the district.

Intervention

Intervention by adults and bystanders is an important step in preventing escalation and resolving issues at the earliest stages. Intervention will emphasize education and skill-building.

Successful intervention may involve remediation. Remedial responses to bullying include measures designed to correct the problem behavior, prevent another occurrence of the behavior and protect the target. Remediation may be targeted to the individual(s) involved in the bullying behavior or environmental approaches which are targeted to the school or district as a whole.

In addition, intervention will focus upon the safety of the target. Staff is expected, when aware of bullying, to report it in accordance with this policy, refer the student to designated resources for assistance, or to intervene in accordance with this policy and regulation.

Provisions for students who do not feel safe at school

The Board acknowledges that, notwithstanding actions taken by district staff, intervention may require a specific coordinated approach if the child does not feel safe at school. Staff, when aware of bullying, should determine if accommodations are needed in order to help ensure the safety of the student and bring this to the attention of the *building principal*. The *building principal*, other appropriate staff, the student and the student's parent/guardian will work together to define and implement any needed accommodations.

The district recognizes that there is a need to balance accommodations which enhance student safety against the potential to further stigmatize the targeted student. Therefore, each case will be handled individually. The student, parent/guardian, and school administration will collaborate to establish safety provisions that best meet the needs of the targeted student. Follow-up discussion and/or meetings will be scheduled, as needed, to ensure that safety concerns have been adequately addressed and to determine when and if accommodations need to be changed or discontinued.

Incident Reporting and Investigation

Although it can be difficult to step forward, the district can't effectively address bullying if incidents are not reported. Students who have been bullied, parents whose children have been bullied or other students or staff who observe bullying behavior are encouraged and expected to make a verbal and/or written complaint to any school personnel in accordance with the training and guidelines provided. Staff who observe or learn of incident(s) of bullying are required, in accordance with State law, to make an oral report to the *building principal* within one school day and to submit the district reporting form to the building principal within two school days. If a staff person is unsure of the reporting procedure, he/she is expected to inquire about how to proceed by speaking with his/her supervisor. A district employee may be deemed to have permitted unlawful discrimination or harassment if he/she fails to report an observed incident, whether or not the target complains.

At all times, complaints will be documented, tracked and handled in accordance with the regulations and procedures accompanying this policy, or, if applicable policies 0100, Equal Opportunity, Nondiscrimination and Anti-Harassment, or 0110, Policy Against Discrimination and Harassment of Students and Staff and 5300 the district's Code of Conduct. The *Building Principal* will prepare a report for the Superintendent based on complaints filed.

An equitable and thorough investigation will be carried out by the *Building Principal* and/or his/her designee in accordance with the accompanying regulation. In addition, the results of the investigation will be reported back to both the target and the accused as specified in the accompanying regulation. If either of the parties disagrees with the results of the investigation, they can appeal the findings in accordance with the regulations that accompany this policy. Verified bullying incidents that meet the criteria established by the state will be included in the statewide reporting system when applicable, in accordance with law and regulation.

The Board will receive the annual VADIR report, as well as any other state-required report relevant to bullying and/or school climate, for each building and for the district as whole. Based on the review of the data, the Board may consider further action, including but not limited to modification of this policy and additional training.

Disciplinary Consequences/Remediation

While the focus of this policy is on prevention, acts of bullying may still occur. In these cases, offenders will be given the clear message that their actions are wrong and the behavior must improve. Student offenders will receive in-school guidance in making positive choices in their relationships with others. If appropriate, disciplinary action that is measured, balanced and age-appropriate will be taken by the administration in accordance with the district's Code of Conduct, as applicable. If the behavior rises to the level of criminal activity, law enforcement will be contacted.

Consequences for a student who commits an act of bullying will be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors, and must be consistent with the district's Code of Conduct.

Non-Retaliation

All complainants and those who participate in the investigation of a complaint in conformity with state law and district policies, who have acted reasonably and in good faith, have the right to be free from retaliation of any kind. The district strictly prohibits retaliation of any kind against a complainant or person who participates in the investigation of a complaint in conformity with state law and district policies and who has acted reasonably and in good faith.

Training

The Board recognizes that in order to implement an effective bullying prevention and intervention program, professional development is needed. The Superintendent, the district-wide DAC and the District Professional Development Team will incorporate training to support this program in new teacher orientation and the annual professional development plan, as needed. Training opportunities will be provided for all staff, including but not limited to cafeteria and hall monitors and all staff who have contact with students. The DAC Teams will be trained in accordance with state requirements and will continue their professional development so as to successfully support this policy and program.

Dissemination, Monitoring and Review

This policy, or a plain language summary, will be published in appropriate District notices and publications and posted on the district's website. A bullying complaint form will be available on the district's website. The district will ensure that the process of reporting bullying is clearly explained to students, staff and parents on an annual basis.

Each year, as part of the annual review of the Code of Conduct, this policy will be reviewed to assess its effectiveness and compliance with state and federal law. If changes are needed, revisions will be recommended to the Board for its consideration.

The district will ensure that reporting of information to the public in conjunction with this policy will be in a manner that complies with student privacy rights under the Family Educational Rights and Privacy Act (FERPA).

M. Adoption Revised Policy 9140- Staff Complaints and Grievances

“Upon recommendation of the Superintendent of Schools be it

RESOLVED that the Revised Policy -9140- Staff Complaints and Grievances Board of Education be adopted.”

9140

STAFF COMPLAINTS AND GRIEVANCES

Grievance procedures are designed to resolve conflicts that may arise in the workplace. These procedures are often defined in collective bargaining agreements and a staff member covered by a collective bargaining agreement with a negotiated grievance procedure should present his/her grievance in accordance with those procedures. A staff member who is not covered by a collective bargaining agreement containing a negotiated grievance procedure has the right to present a complaint or grievance in accordance with the procedures established pursuant to this policy. Staff members have the right to present these grievances free from coercion, interference, restraint, discrimination or reprisal.

The Superintendent of Schools will implement a regulation including a multi-stage grievance procedure with an appellate stage for resolving grievances of staff members not covered by a collective bargaining agreement with a negotiated grievance procedure. Staff complaints of discrimination or harassment will be resolved pursuant to the procedures set forth in policy 0110, “Policy against Harassment and Discrimination.” Staff complaints that cannot be resolved pursuant to this policy or policy 0110 will be subject to the discretion of the Board of Education as to the method by which the complaint may be brought.

This policy and regulation will be filed with the District Clerk and the State Civil Service Commission within 15 days of adoption or amendment, as required by law.
