*Drugs in our Town: What's a Parent to Do?*

Monday, March 9, 2009, at 7:30 p.m.

Nesaquake Middle School

479 Edgewood Avenue, St. James, NY 11780

Whether you are the parent of an adolescent, or an elementary youngster who relies on a teenage babysitter, this problem could impact your family. Mark your calendar for this special evening, which will feature information and advice from the experts about drugs in Smithtown. Hear from a physician, law enforcement official, health educator, principal, drug counselor, and a parent struggling with her child's drug addiction.

Please note that this program replaces the Parent University originally scheduled for April 27. The date was moved up due to the subject's urgency.
