

AP Achievement HIGHLIGHTS

CELEBRATING
AP EXCELLENCE:
2024-2025 RESULTS

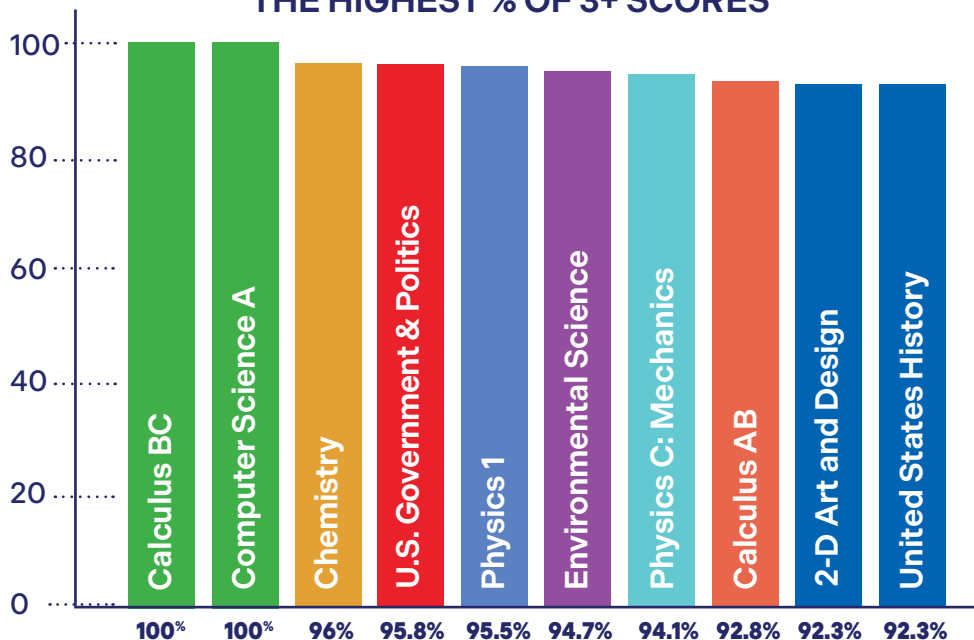

BIG WINS *at a Glance*

- 22 of the 26 examinations saw an increase of students earning the qualifying score of 3+
- **14 of the exams constituted the highest percentage of students scoring "3" or higher for at least the last 7 years**
- A score of 3 or higher represents the percentage of students that are generally considered to have earned a "qualified" understanding of the subject. AP examination scores of 3 or higher are also used by colleges to consider awarding credit for courses at their institution.
