Attention Parents and Students – A Senior Scholarship Bulletin will be published each month by the Guidance Office. This bulletin will list a variety of scholarship opportunities, many of which are local, that are being offered to Smithtown High School seniors. Copies of the bulletin will be available on the high school website, in Google Classroom (**code ubtb2kv**) and Schoolinks. Accessing the bulletin electronically will provide links to websites and applications. Please call 382-2750 if you have any questions.

Students who are seeking employment or internships and are work-bound are encouraged to establish contact with Mr. Como at 382-5210. He can assist them in their career plans and employment contacts. Occasionally we receive scholarships that do not require college attendance post graduation so we encourage all students to review the Senior Scholarship Bulletin each month.
