

Dear Third Graders,

Happy summer! We know that second grade was filled with many adventures, and now you are ready for a fantastic third grade experience. We look forward to meeting you and learning with you this school year.

To encourage your love of reading and maintain the super skills you have gained throughout the year, we have created a project with the awesome Magic Tree House series book Vacation Under the Volcano by Mary Pope Osborne.

Please complete the questions with the information that you acquire from the book. Don't forget to restate the question, write neatly and edit your work. You can also choose to draw and color a detailed picture of your favorite part of the book on a separate page. Another idea would be to bring us on your summer adventures by taking this book to your favorite summer places and have a picture taken of you with the book. You will be sharing these activities with us in September.

We hope you have a great summer reading adventure!

Sincerely,
The Third Grade Teachers

Vacation Under the Volcano by Mary Pope Osborne

Who were the main characters?

What were the most important settings?

What was the problem?

How was the problem solved?

What was your favorite part of the book? Why?
