

Hi everyone,

We're thrilled to announce that our next children's theatre workshop is **Shrek the Musical JR!** If your child loves to sing, act, dance, or just express themselves, they won't want to miss this magical, confidence-boosting opportunity.

Our theatre workshops are designed to help kids grow—on stage *and* off. Throughout the program, students build confidence, strengthen communication skills, learn teamwork, and discover the joy of creative expression. And of course, they'll be part of an exciting, high-quality production they'll be proud to share with family and friends!

**Grades 3–9** are welcome to join us for this unforgettable journey from January to April. Spots fill quickly, so be sure to register soon!
